01 Detail drawings SLINOVA®

1.1 Scheme summary

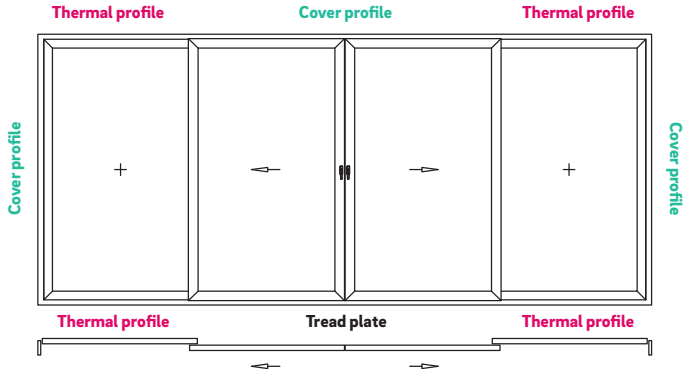

Scheme A

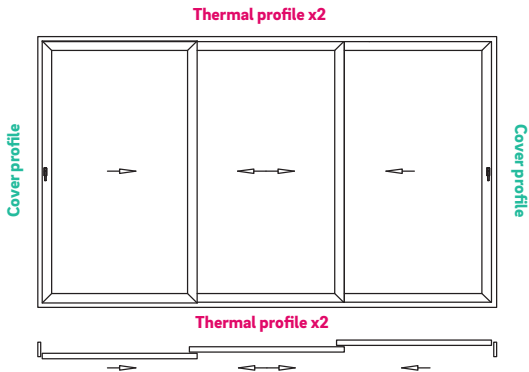

Scheme D

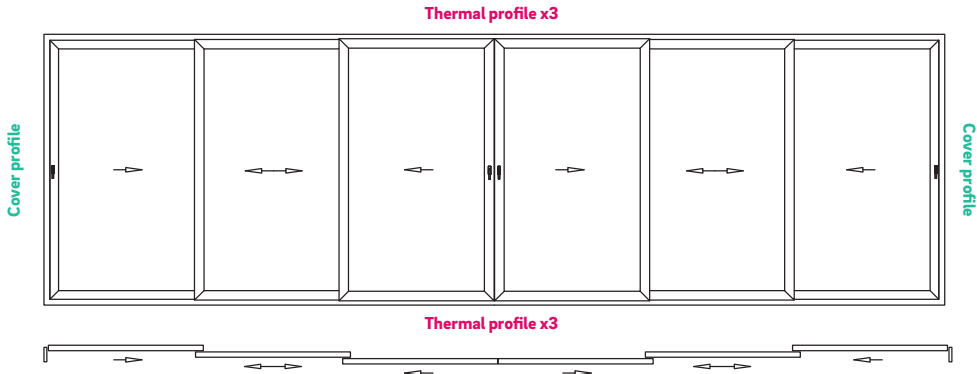

Scheme C

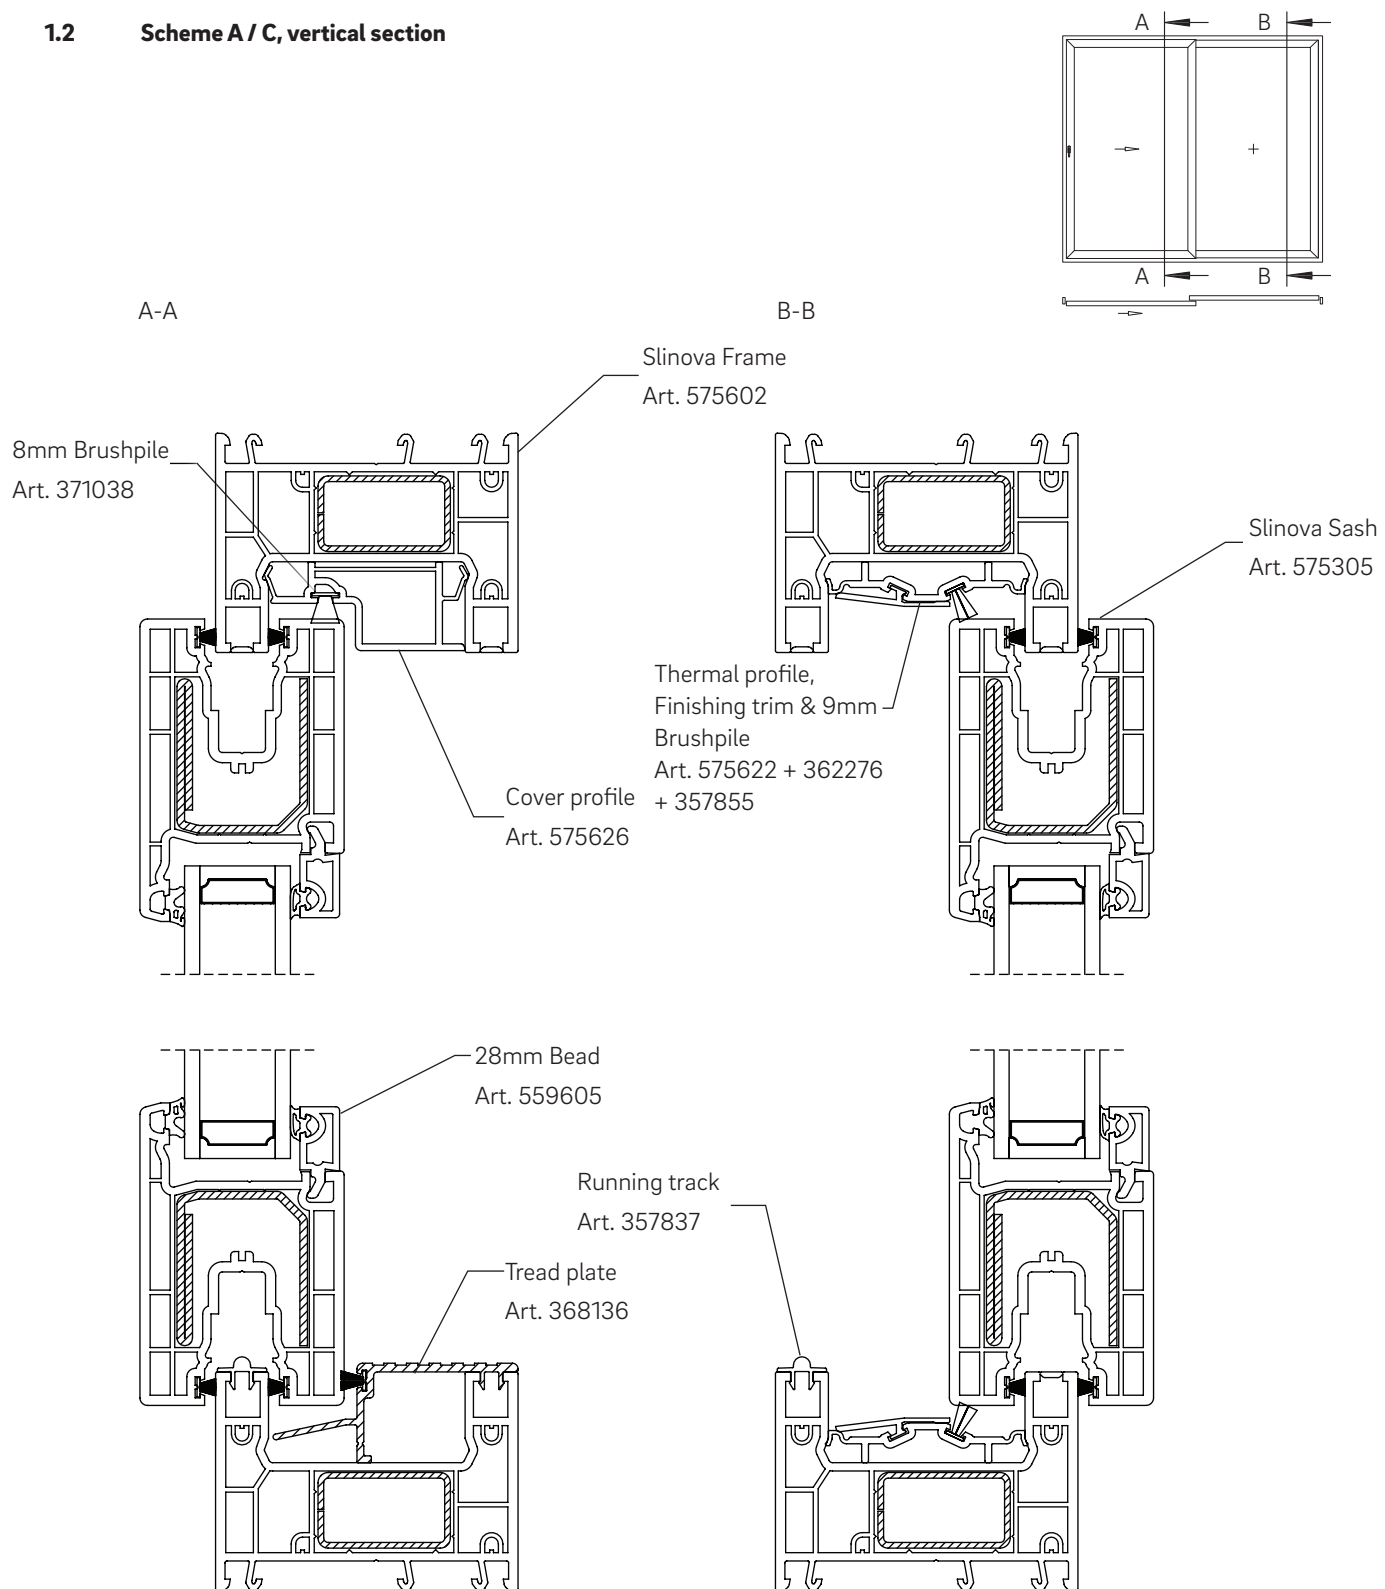

Scheme E+D

Scheme F+D

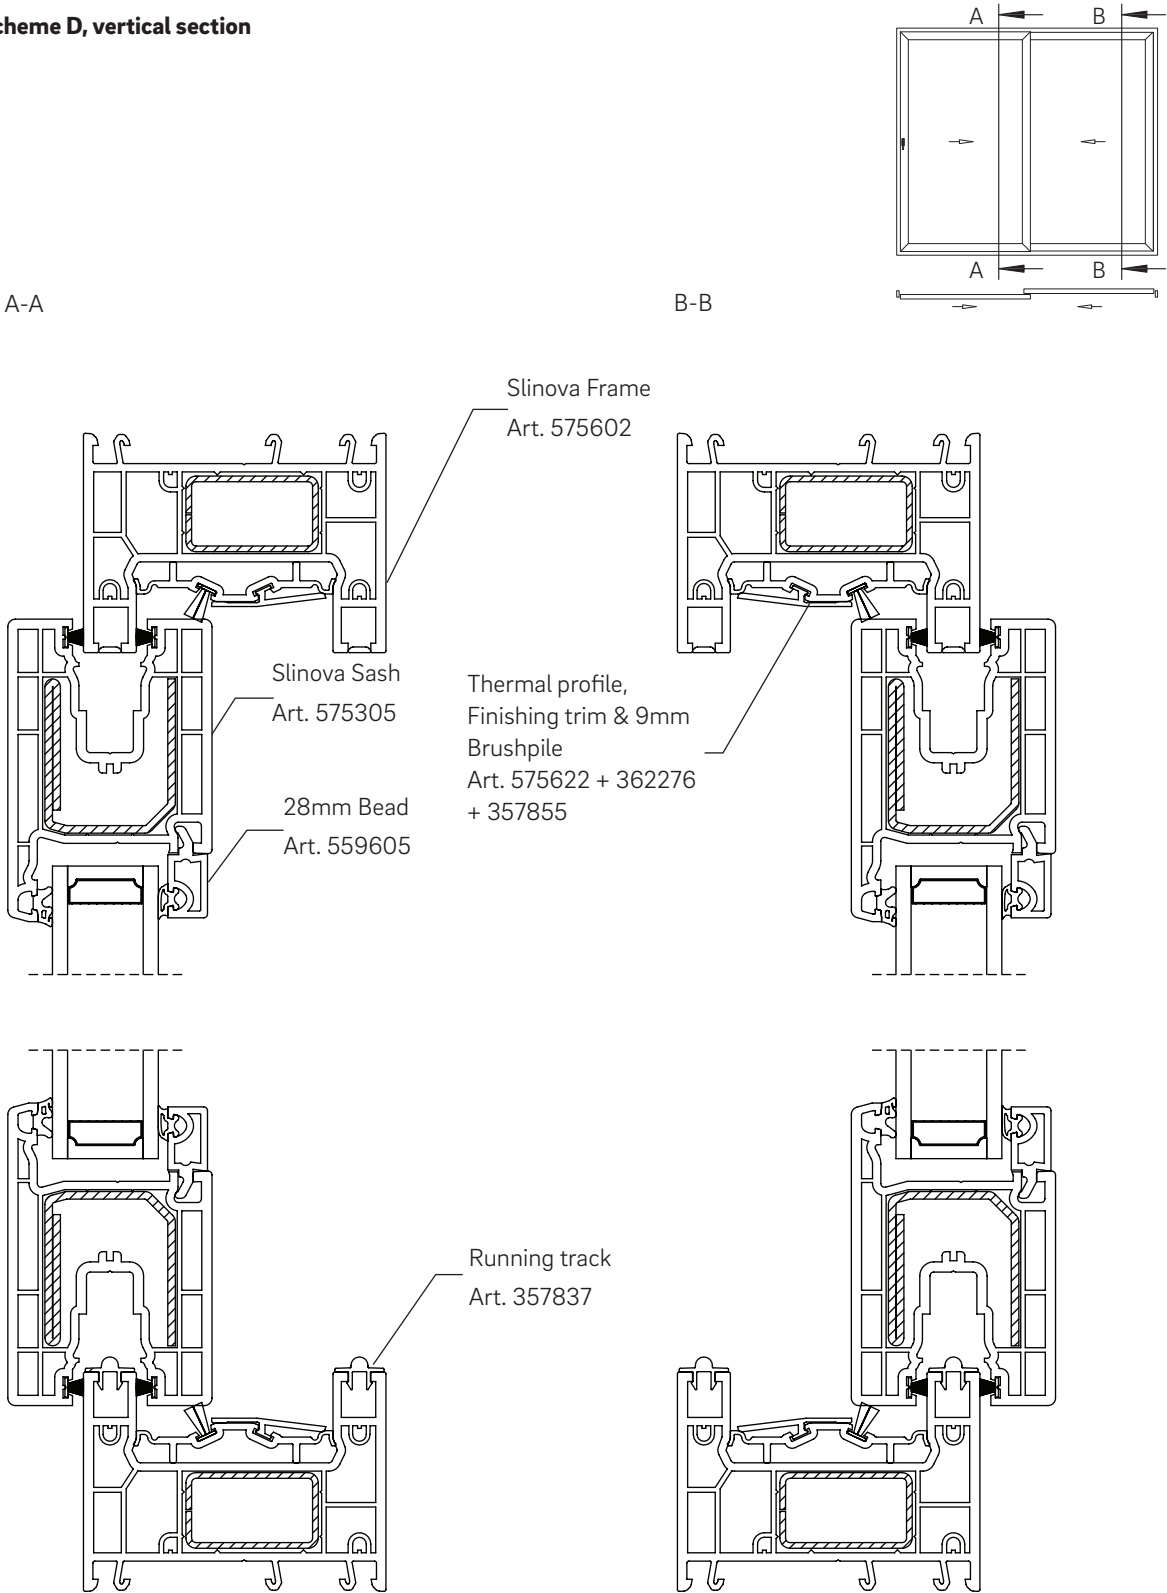

1.2 Scheme A / C, vertical section

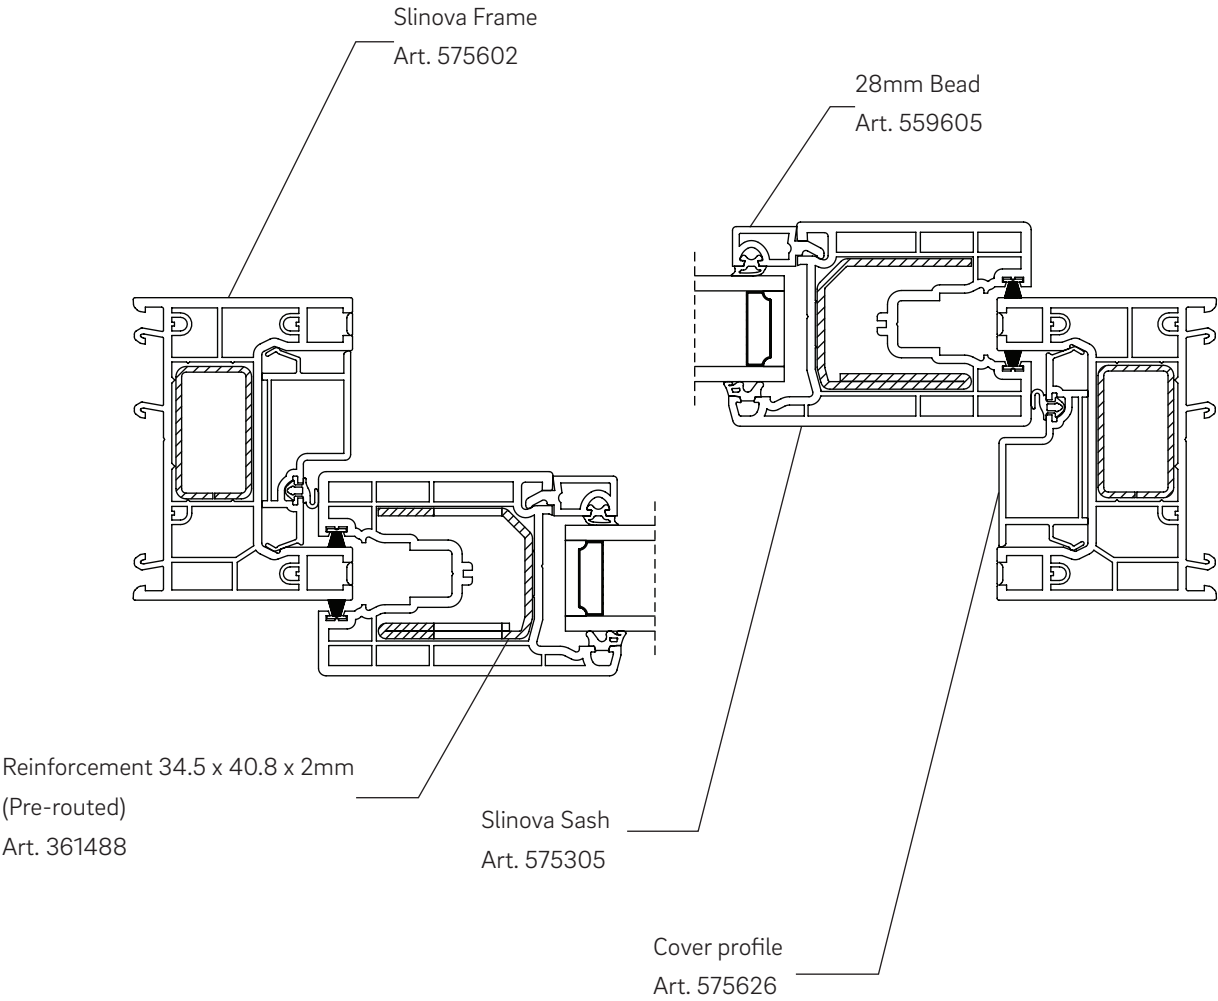

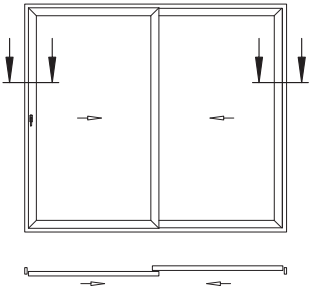

Tread plate art. no. 368136 can only be used in conjunction with fixed sash configurations

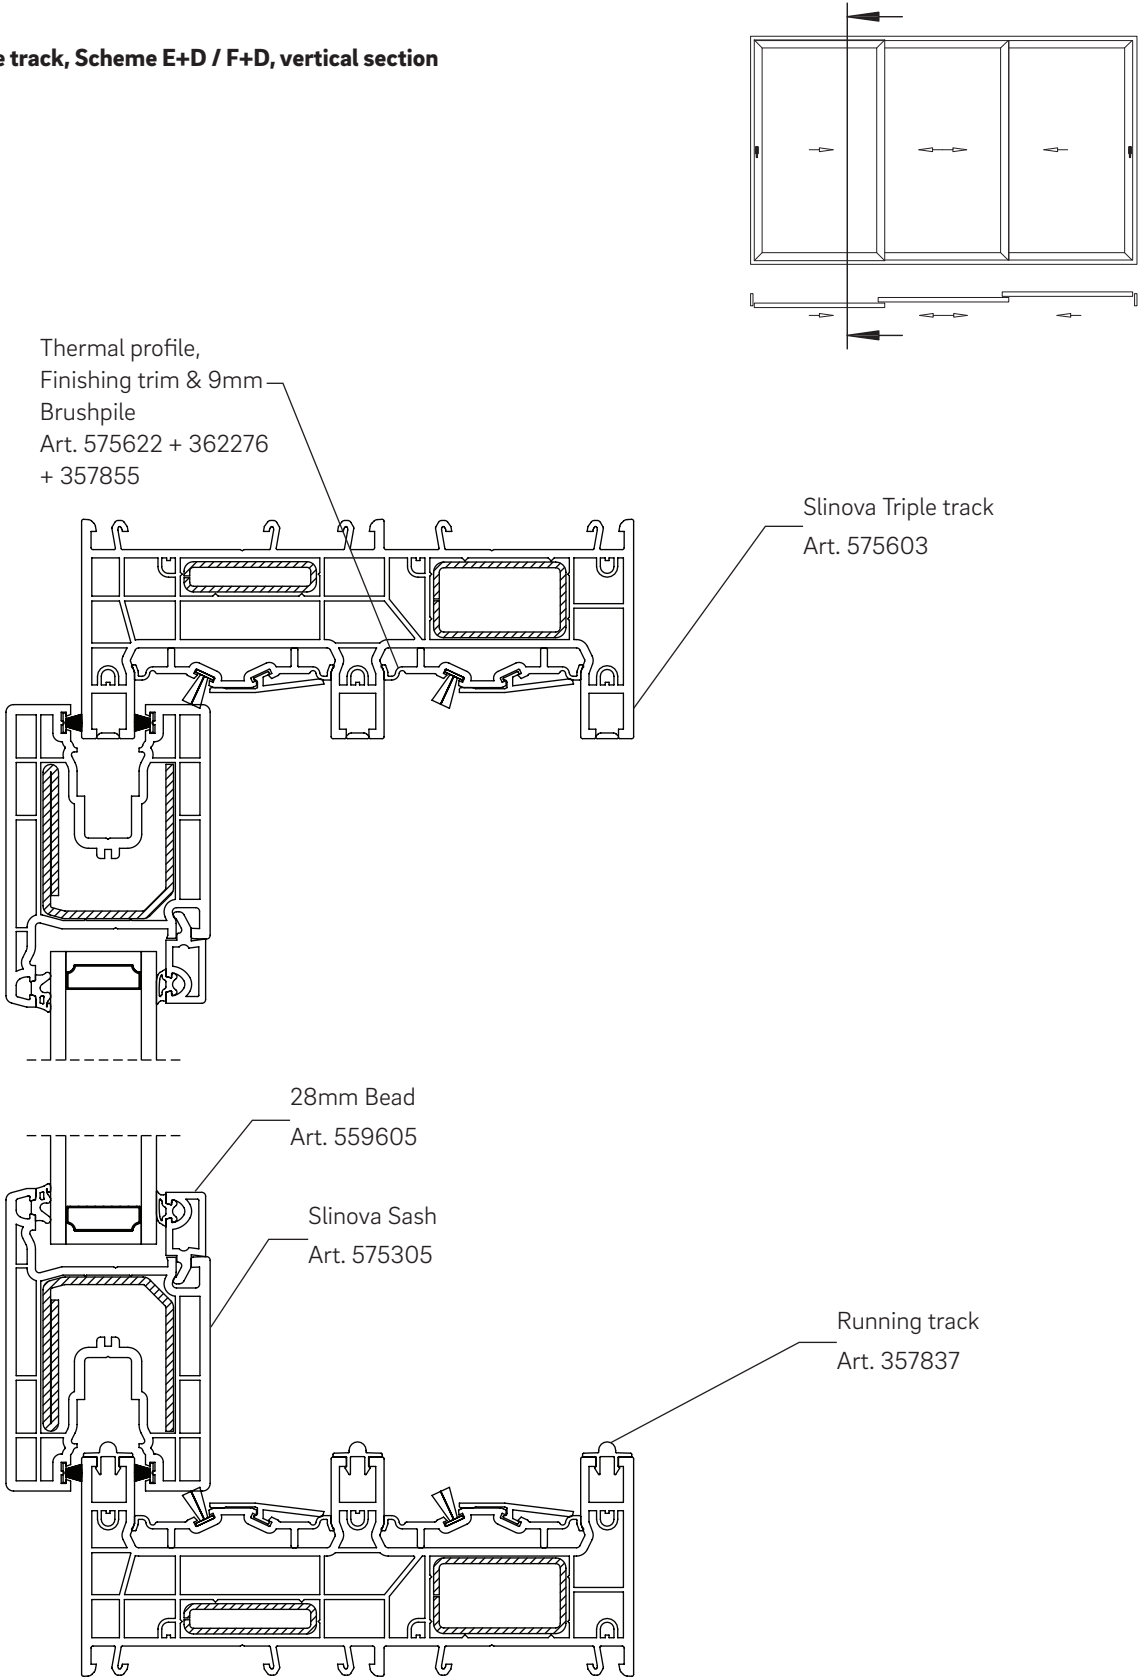

1.3 Scheme D, vertical section

1.4 Scheme A / D / C, horizontal section

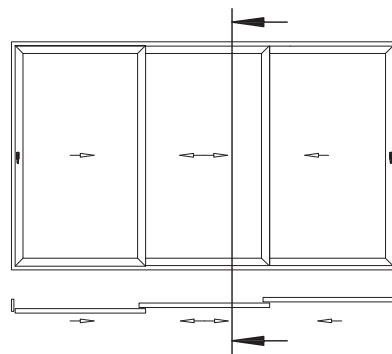

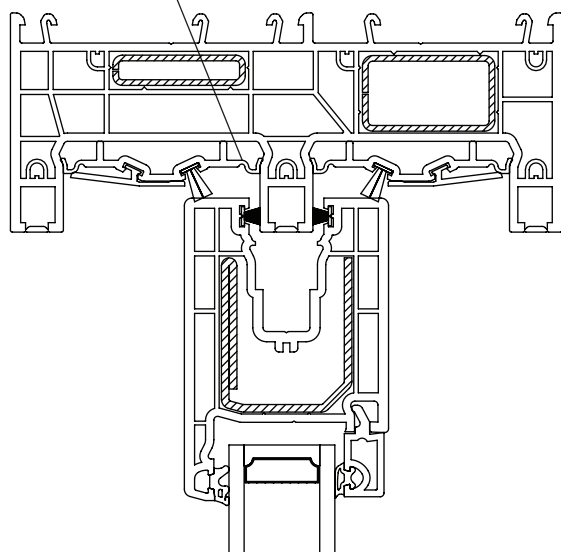

1.5 Triple track, Scheme E+D / F+D, vertical section

1.6 Triple track, Scheme E+D / F+D, vertical section

Thermal profile,
Finishing trim & 9mm
Brushpile
Art. 575622 + 362276
+ 357855

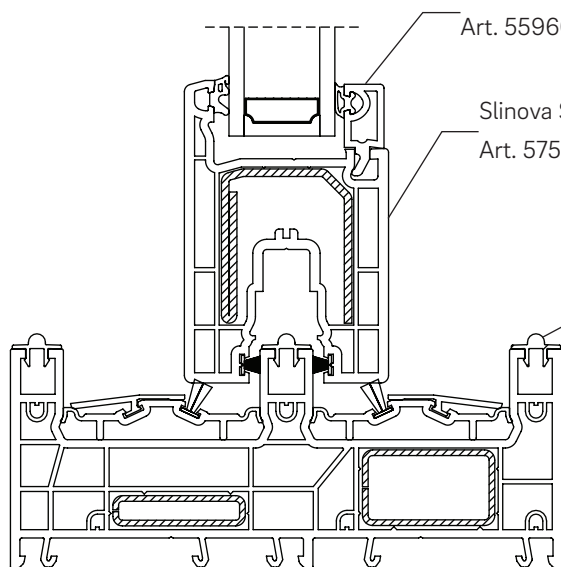

Slinova Triple track
Art. 575603

28mm Bead
Art. 559605

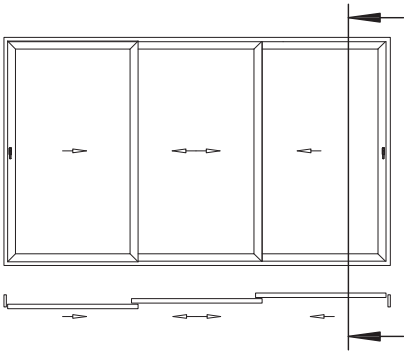

Slinova Sash
Art. 575305

Running track
Art. 357837

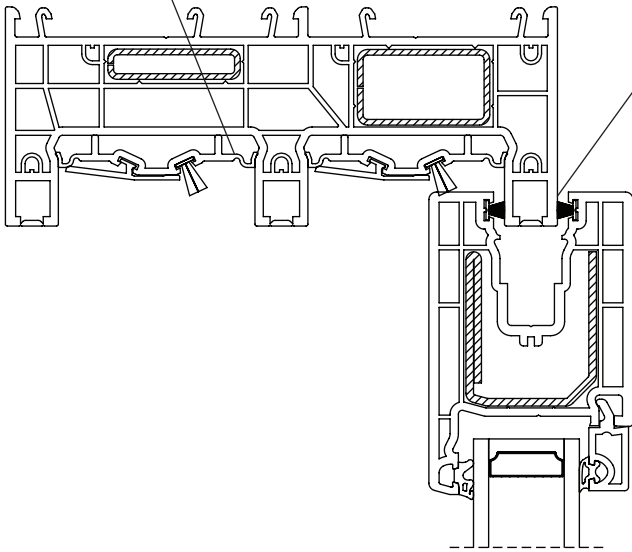

1.7 Triple track, Scheme E+D / F+D, vertical section

Thermal profile,
Finishing trim & 9mm
Brushpile
Art. 575622 + 362276
+ 357855

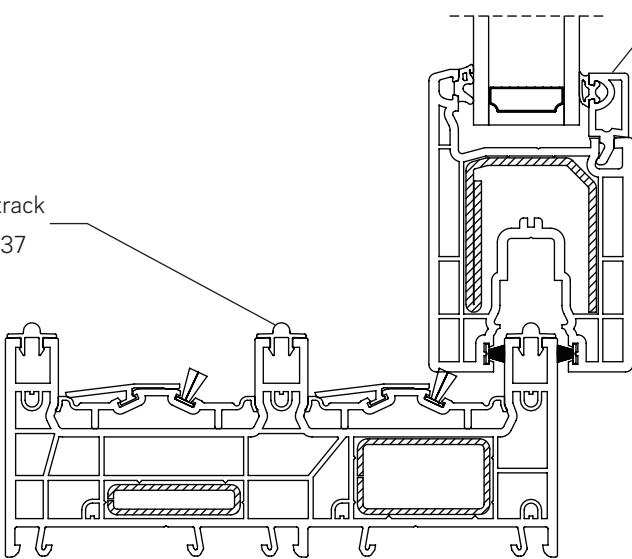

Slinova Triple track
Art. 575603

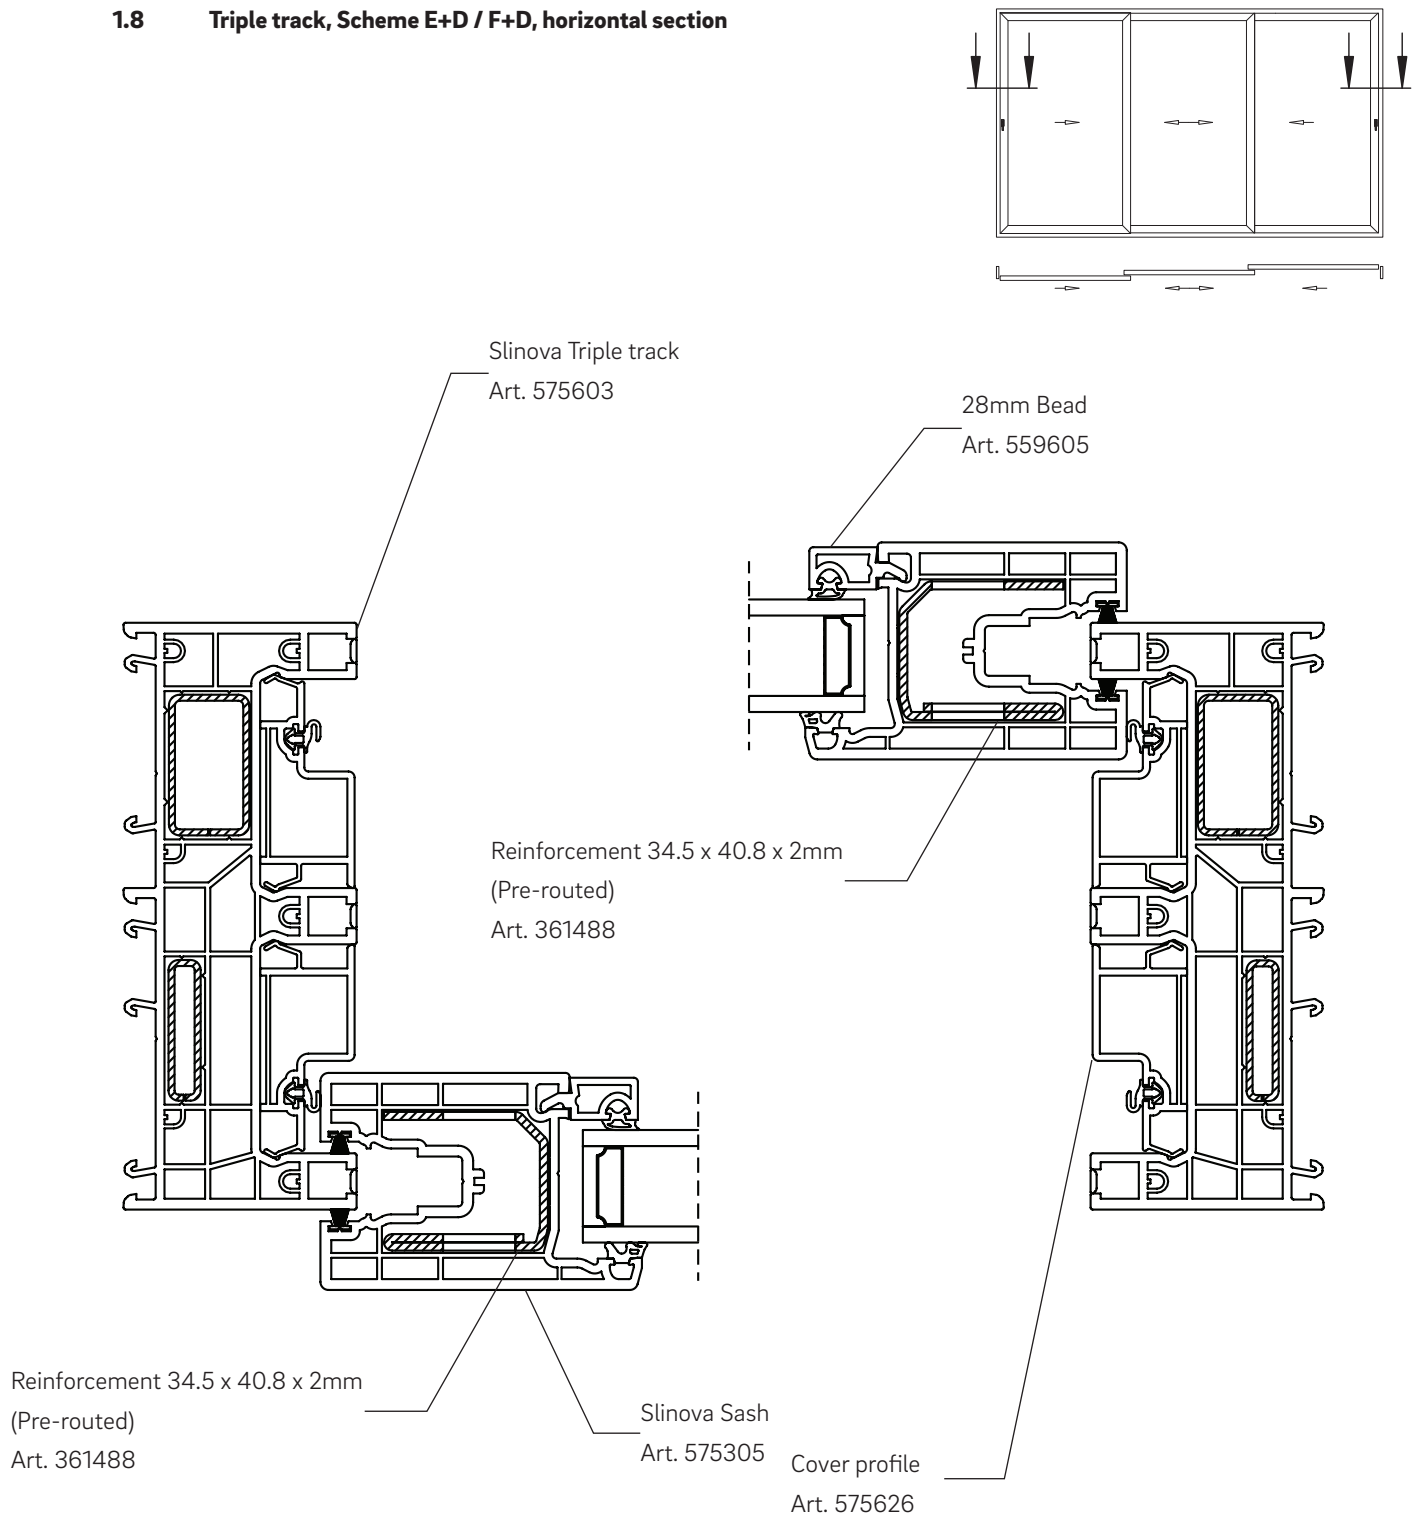

28mm Bead
Art. 559605

Slinova Sash
Art. 575305

Running track
Art. 357837

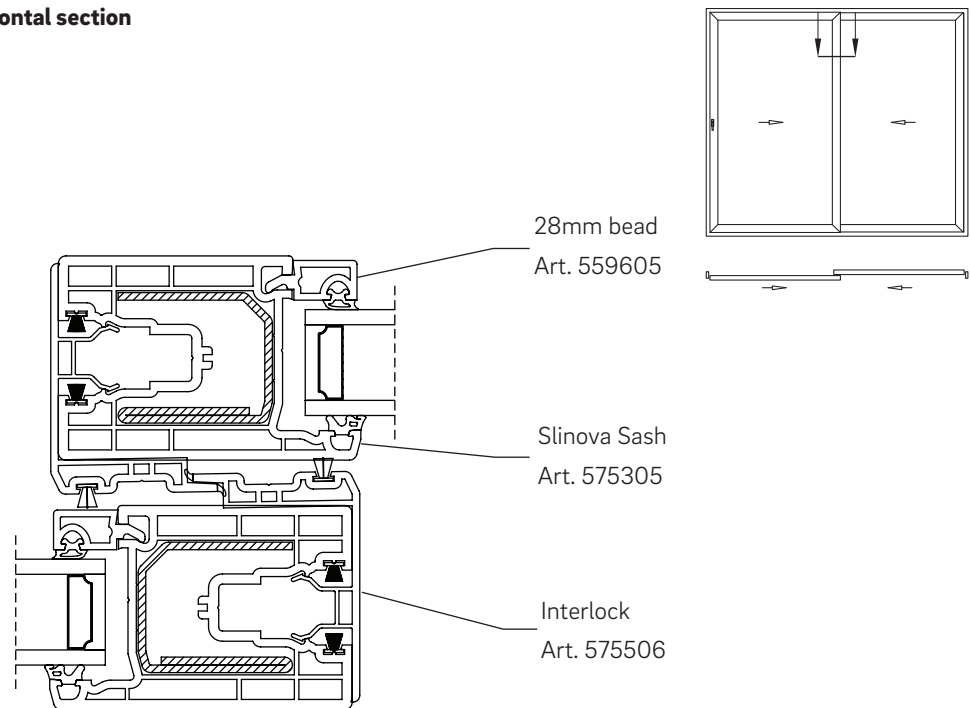

1.8 Triple track, Scheme E+D / F+D, horizontal section

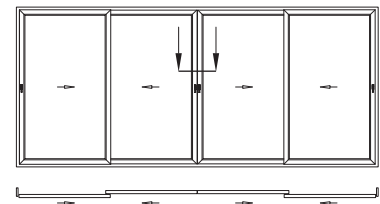

For triple track schemes, the internal cover profile is optional for foiled on white configurations only.

1.9 Interlock detail, horizontal section

 Please refer to wind load calculation tables when selecting reinforcement section for interlock which can be found in Chapter 3 of Manufacturing instructions.

1.10 3/4 Pane seal detail, Scheme C / F+D, horizontal section

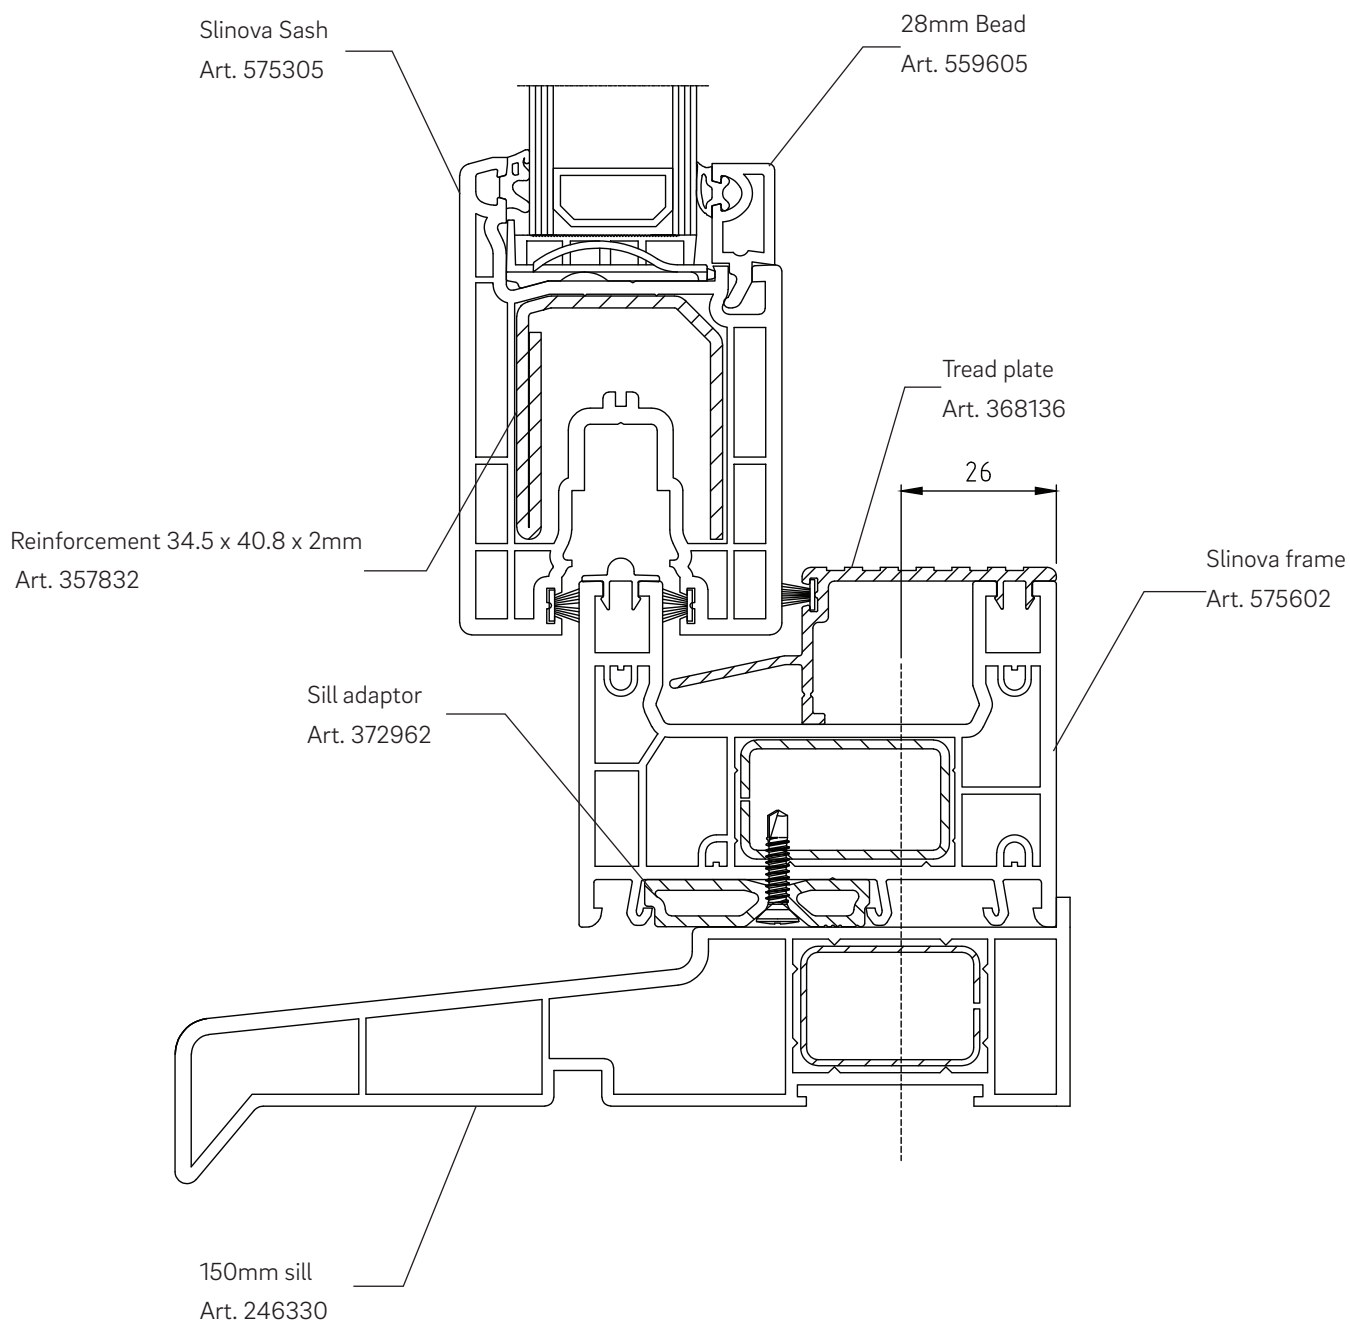

Reinforcement 34.5 x 40.8 x 2mm
(Pre-routed)
Art. 361488

 Please refer to wind load calculation tables when selecting reinforcement section for 3/4 pane seal area which can be found in Chapter 3 of Manufacturing instructions.

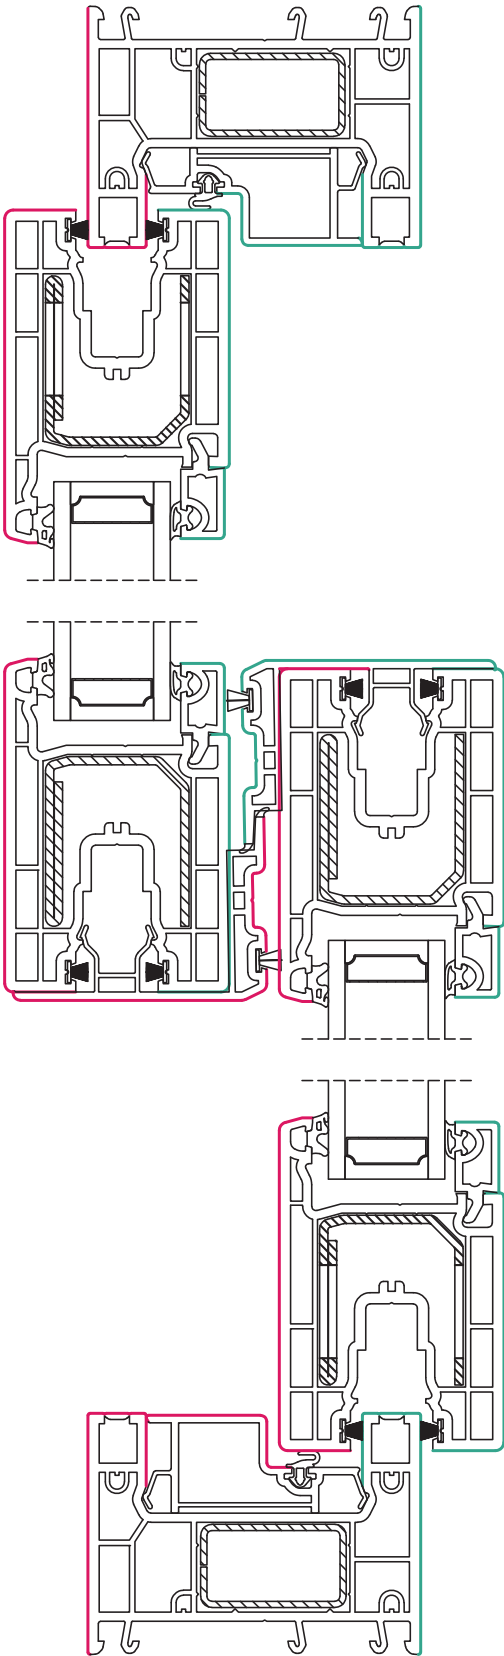

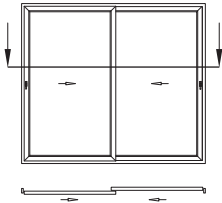

1.11 Sill detail

02 Laminate detail drawings SLINOVA®

2.1 Door frame, laminated outside and fully laminated, horizontal section

- Laminated outside
- Laminated inside*
- *only applicable when foiled both sides

2.2 Triple track, laminated outside and fully laminated, horizontal section

- Laminated outside
- Laminated inside*
- *only applicable when foiled both sides
